

Sheppard King, of the Texas ranch Kings, in order to marry an Egyptian dancer has turned Mohammedan and taken the name Abdullah. What you hear drowning at the noise of breakfast bacon sizzling in the range frying pan are Texas cowhands discussing that there name Abdullah.

Word from Little Rock is that the Arkansas state police are going underground. State Police Director Herman Lindsey is putting a number of the officers in unmarked cars, the better to catch traffic violators.

You'll hear more about this, for sure.

Even the meretricious, elevated, and highly moral Arkansas Gazette defends the move with an apology. Says the Gazette:

"It is quite possible that all Arkansas motorists will not feel, as we do, that the 'plainer' patrol is a good idea. There may be some who will even condemn Director Lindsey for not following the rules of the game. But we may be certain of one thing—and that is that those who do will in nearly every case be the ones who do not observe the rules of the road."

That's no more accurate than some of the Gazette's conclusions on schools, taxes, politics, and other news of the day.

Arkansas isn't even being original in this "plainer" patrol. Pennsylvania tried it. And some other states.

Not only was there fierce public resentment, but there were unpleasant and dangerous incidents. How, for instance, would you like being ordered to halt on a lonely road at night by an unidentified car? That happened in states which tried the "plainer" patrol. It was alarming to the populace, humiliating to the state police.

The police everywhere are entitled to the dignity and safety which uniformed officers traveling in an identified official car command.

Any other observation is wishful thinking by an amateur scanning the highway with binoculars from an ivory tower.

The federal government's censorship boys are sticking their long noses into the newspaper business wherever they can. But they were slapped down in a court action which they brought against the New Orleans Times-Picayune, and the United States Supreme Court gave the bureaucrats a rough time last week in preliminary questioning about the case drummed up against the Lorain (Ohio) Journal.

Assistant Attorney General Philip Perlman appeared before the supreme court to defend the government's tentative injunction to compel the Ohio paper to accept advertising which it had rejected.

Supreme Court Justice Felix Frankfurter asked the Department of Justice operative this embarrassing question:

"In what case has it been held that a single person, not in combination with anyone else, can not choose to sell or not to sell to whom he pleases, even though he may be the exclusive dealer?"

"Simply because a person dominates a market he doesn't have to sell to anybody that asks him," the justice snapped sharply.

**Collins to Tour Indo China**

Saigon, Indochina, Oct. 22 (AP)—General J. Lawton Collins, U. S. army chief of staff, arrived today for a three-day tour of Indochina fighting fronts and conferences with French and Vietnamese officials on progress of the war against the Communist led Vietnamese.

Coming to Indochina upon the personal invitation of General Jean De Lattre de Tassigny, Collins is the first top ranking American military official to visit Indochina.

His trip to this strategic south-east Asian country is accepted here as another indication of steadily broadening American support and concern for the French-Vietnamese war effort against Ho Chi-minh's Soviet-recognized regime.

**OUTSTANDING RECORD**

Tokyo, Oct. 22 (AP)—The U. S. Third Air Rescue Squadron has flown 3,000 United Nations fighting men from the Korean war front.

More than 780 were picked up behind enemy lines.

Others were critically wounded soldiers airlifted for quick medical attention that in many cases meant the difference between life and death.

**POLES FLEE**

Stockholm, Sweden, Oct. 22 (AP)—Three Poles sailed into the port of Kalmar last night and sought haven from Swedish authorities. A fourth seaman aboard the Trawler demanded that he be returned to his Communist-ruldomland.

Scores of Poles have fled to Sweden during recent months and have been granted political asylum.

**Markets**

Grain and soybean futures opened lower today. Wheat and soybeans were down as much as a cent a bushel.

Cotton futures opened fifteen to forty-five cents a bale higher.

## Battle Looms Over Envoy to the Vatican

Washington, Oct. 22 (AP)—A wave of protest against President Truman's decision to enter regular diplomatic relations with the Vatican promised today to touch off a heated battle when congress reconvenes.

There was little if any criticism of the President's selection of Gen. Mark Clark as ambassador to the Roman Catholic church state. The protests, some of them from the pulpit, were from Protestants who argued that the establishment of diplomatic relations violates the constitutional injunction that church and state shall be separate.

The U. S. has never had a full ambassador at the Vatican, although Myron C. Taylor served there as personal representative of Presidents Roosevelt and Truman from 1940 until last Jan. 18, when he resigned.

Late Saturday Mr. Truman announced that he had selected Clark, an Episcopalian who now is commander of army field forces, to be ambassador. White House statement said the President felt "the purposes of diplomacy and humanitarianism will be served" and added that direct relations with the Vatican will help coordinate a common fight against communism.

The White House statement noted that 37 other nations maintain diplomatic representatives at the Vatican.

Unofficial comment from the Vatican indicated delight at Mr. Truman's move. That was the reaction of Catholic churchmen in this country.

Francis Cardinal Spellman of New York said the Vatican and the U. S. hold "identical objectives of peace." The most Rev. Patrick J. McCormick, rector of Catholic university here, praised Clark and said "I am glad to see our country taking advantage of representation at the Vatican."

The optimistic view was expressed by Protestants all over the nation, starting with Dr. Edward H. Pruden, Mr. Truman's own pastor at the First Baptist church here.

"I did my utmost to point out the great dangers which seemed to me to lie" in the President's move, he said in a sermon yesterday. Dr. Pruden declined to elaborate when a reporter asked whether he meant he had talked to the President about the matter.

"Between now and the reconvening of congress in January," Dr. Pruden said, "every citizen who shares my views must use all honorable means to persuade the members of the senate to refuse confirmation of this nomination."

The senate adjourned Saturday without acting on Clark's nomination, made only a few hours before. Some senators privately expressed displeasure at the timing of the move, which was such that the President can now give Clark a recess appointment. That likely will mean that he will already be on the job in Rome before the senate gets around to considering the issue.

## Negro Faculty to Attend Meet, Schools Close

The Negro schools of Hope School District 1-A will be closed Wednesday in order that teachers may attend the District meeting to be held in Arkadelphia on October 24.

Students will not report for school Wednesday morning, and the remainder of the week as school will be dismissed only one day for this meeting.

## J. W. Samuel, 73, Succumbs at Home Near DeAnn

John W. Samuel, aged 73, a resident of DeAnn community, died late Saturday at his home.

He is survived by his wife, a daughter, Mrs. C. M. Burke of Pine Bluff, two sons Carlton and Paul Samuel, 7 brothers, W. E. of Neil, R. M. of Willis, Okla., G. B. of Minden, La., G. S. Samuel, D. W. Samuel, L. R. Samuel, and J. J. Samuel, all of Hope R. 3.

Funeral services were held at 11 a. m. today at DeAnn Baptist Church by the Rev. Ralph Rankin.

## Leo Wooten, 65, Dies at Home in Clow Area

Lee Wooten, 65, died Sunday at his home in the Clow community, near Ozan.

He is survived by his wife, a daughter, Eurille Wooten of Memphis, a son, William Dean Wooten, two brothers, George R. and Herman Wooten of Houston, Texas and two sisters, Mrs. J. H. Box of El Dorado and Mrs. Maude Hill of Columbus.

Funeral arrangements are incomplete.

## Keep Arkansas Green Head.

Ben Mayhew of Fordyce, left, accepts the presidency of Keep Arkansas Green from D. K. Bemis of Prescott, who has headed up the Association during the past year.

## Tree Planting Program Gains Support

Friday afternoon at 2 o'clock about 20 people interested in tree planting in Hempstead county met in the Chamber of Commerce office. This meeting was arranged by the Soil Conservation Service and the Chamber of Commerce Agricultural Committee.

Chairman Ed Thrash opened the meeting expressing pleasure that so many were in attendance and pledged support of the Hope Chamber of Commerce to the program.

John Keck of the Soil Conservation Service made a report on the 1950-51 planting program and also on the percentage of survivors. D. K. Bemis of the Ozan Lumber Company of Prescott and Immediate Past President of the Keep Arkansas Green Association talked about the association and some policies consistent with good timber management and growing.

Fire Control Assistance was the subject of Buster Denton's talk of the State Forestry Service. In Mr. Denton's talk he stated that the best fire control is the prevention of the fire before it is ever started. He also explained the two cents per acre fee which is encouraged for land owners to pay to help bear the expenses of the fire control in fighting fires.

Robert Nelson of the Arkansas Resources and Development Commission Forestry Division, reported on the Bluff City Nursery and its supply of planting stock. He assured us that planting stock is plentiful and of good quality.

A very interesting talk was made by Jim Case of the Soil Conservation Service on the principles of growing pine trees. Mr. Case pointed out that proper planting and proper management are essential to profitable planting enterprise.

V. L. Massey of the International Paper Company made a few comments and reassured all present that his company is interested in the progress of the timber industries and that this year International Paper Company is making available to Hempstead county farmers 300,000 pine tree seedlings to be used as matching stock by the County SCS.

Orders for tree plants are to be turned in to the Chamber of Commerce office by November 10. It is desired that all orders, if at all possible, be turned in by this date so that shipping details may be worked out by the nursery and also that planting details be worked out by the planting contractors. It is possible that some two million trees will be planted in Hempstead county this year being the case it will be necessary to have two more tree planting machines to be made available to this county. This information needs to be known as soon as possible.

Let's keep Arkansas green.

## Sutton May Be in Game Saturday

Buddy Sutton, Hope's own star in the Arkansas victory over Texas last Saturday, suffered a hip injury but reports from Fayetteville today indicated he may be able to play Saturday.

Buddy scored the first touchdown for the Porkers, sidestepping 13 yards. He was a foot short of another on the play he was injured. His father said here today it wasn't the hip which caused him trouble ever since it was injured in his high school grid career.

## Ben McRae New Revenue Inspector

H. B. McRae has been named local revenue inspector, replacing Bill Roberts who died unexpectedly a few weeks ago. Mr. McRae took over the office last week.

He is a native of Hope and was formerly connected with the McRae Implement Co. here.

## Two Vehicles Badly Damaged in 67 Crash

A pickup truck driven by William H. Scott, negro of Washington crashed into an auto driven by George Young, Texarkana Negro, about 1:39 a. m. Sunday, 2 miles west on Highway 67.

Scott, arrested for driving on the wrong side of the road, told officers Young failed to dim his lights and that he was blinded. Both vehicles were badly damaged.

Officers Hilton, Shipp and Willis of the state, county and city police investigated.

## Vaccinations Started for Bangs Disease

Heifer calf vaccination for Bangs Disease was started in Hempstead County today reports County Agent Oliver L. Adams.

The Vaccinator, Joe Hamilton, a representative of the USDA Bureau of Animal Industry, will be in Hempstead county until all requests by cattle owners for the vaccination service are met.

To date 904 calves have been registered with County Agent Oliver Adams for the Bangs Disease vaccination. The request has been made by 167 owners.

Calfhood vaccination is the best insurance available for use in the prevention of the loss of calves because of Bangs Disease commonly called contagious abortion. Each calf vaccinated has a tattoo placed in the ear. The calfhood vaccination program was begun in Hempstead County in August 1949. To date 3192 heifer calves have been vaccinated on 992 farm calls of the vaccinator.

## Judge Pilkinton Endorses Boy Scout Program

Judge James Pilkinton today issued the following statement endorsing the Boy Scouts of America:

"I am glad to endorse the program of the Boy Scouts of America. Anything worthwhile must be properly financed and the annual drive for funds affords a rare opportunity for everyone to have a part in the program of Scouting, and to make an investment in the future of this community.

"The boys in the program now, or who have enjoyed its advantages in the past, speak for the value of Scouting. They very seldom, if ever get into serious trouble. They are the dependable boys of today and will become the valuable citizens of tomorrow.

"The question is not whether we can afford a Scouting program in Hope and Hempstead County; the question is whether we can afford in the long run to be without it? I do not think that we can.

James H. Pilkinton, Chancery Judge.

## What Most Colleges Need at Present Time Is a Class on How to Judge Beauty Contests

By HAL BOYLE

New York (AP)—Some colleges have courses that teach the best way to catch a fish, or instruct a lady in how to get along with one after she marries him.

You can also go to college and learn how to play an old Roman band instrument, figure your income tax, cook without garlic, or run for public office.

But so far no university has started a class in how to judge a beauty contest. It's about time for a few to do so.

Judging beauty contests is one of America's most rapid-growing industries. If you haven't been asked to be a judge in a beauty contest yet, don't sink. You will be. There are too many for you to escape.

In judging beauty every man wants to do his duty. He is as wholly honest then as he ever will be in his life. He wants to be fair to the fair.

But the trouble is he doesn't have any standards to go by except his own.

## VFW to Burn Mortgage on Its Building Wednesday Night in Big Dinner-Celebration

Wednesday night of this week will be a big night for members of the Ramsey-Curtis Veterans of Foreign Wars Post 451 of Hope, when they will obtain a clear title to their Post Home on Highway 67 East. This will be the culmination of several years of work and planning.

About five years ago, when this post was newly organized and trying to make its mark as one of Hope's leading organizations, members realized that to do this, they must have a place of their own for regular meetings.

After looking about they found that the building which is now their home was for sale. After inquiring about it they found that it was reasonably priced, but alas, there was little or no money in the treasury.

This did not stop the boys, once they had decided that this was to be their future home, after going in a huddle, about ten of the members went to the bank and personally signed notes to cover the entire indebtedness, since the Post was not in a position to secure the needed financial credit at that time.

Then followed many enterprises to raise funds to relieve this indebtedness, the regular Saturday night Barn Dance has been one of these, the concession stand at the 3rd District Live Stock Show each year, another, and as a result of these endeavors and many others, this Wednesday night the final payment will be made and the mortgage will be burned. And all of this is two years ahead of schedule.

While retiring the obligation on the building, members of the post have not been unmindful of their obligations to the community, and to this end have participated in

## Higher Taxes in Effect November 1

Washington, Oct. 22 (AP)—Higher taxes on income and many things people buy will go into effect Nov. 1. They are included in the new tax act expected to increase the federal revenue by \$5,691,000,000 a year.

In signing the tax bill Saturday, President Truman said this is not enough and he will call on congress in January to improve the tax laws.

Mr. Truman had asked for \$10,000,000,000 in new revenue. He signed the measure calling for a lesser amount, he said, not because it is a good bill but because "We badly need these revenues to help pay for the strong defenses we are building."

The measure provides for individual tax boosts ranging from 11 to 12 per cent for most taxpayers; excise (sales) tax increases on a long list of items including liquor, gasoline and household appliances, and bigger taxes for corporations.

Mr. Truman criticized provisions in the law which he said give wealthy persons new chances for escaping their share of the tax load "through such devices as excessively liberal 'capital gains' provisions, family partnerships, and excessive depletion allowances on oil and gas and certain mineral properties."

## Scouts, Cubs Participate in Council Events

Boy Scouts and Cub Scouts of Hope have taken part in several big events during the 1951 calendar year. They were a part of the Council and District program.

Included in the years activities were a kite flying contest, a campfire, a field meet, a swimming meet and camping at the council camp as well as outdoor activities undertaken by the individual units.

The Council maintains two Council camps, an investment of about \$100,000, that are available to the Scouts most of the year around. Camp Preston Hunt, near Texarkana, has been used this year for several training courses for boy leaders including a patrol leaders training course and an explorer leaders training course.

Plans for the 1952 calendar year will be made at the first district committee meeting in January. This meeting will be the first business meeting of the new district since the consolidation of four counties last month. They are Hempstead, Nevada, Lafayette, and Howard.

## Yerger PTA to Meet Tuesday

The Yerger P. T. A. will meet Tuesday, October 23, at 3:45 in the Yerger High School auditorium. All parents and interested patrons are requested to attend and take part in the planning of the program for the year.

## Last British Oilman Told to Get Out

Tehran, Iran, Oct. 22 (AP)—Iran, it was learned reliably today, has asked the last remaining British oil representative in Tehran to start negotiating compensation for the nationalized Anglo-Iranian Oil company or get out of Iran.

A finance ministry official reportedly needed the request yesterday to Richard Seddon, resident manager of the AIOC.

Seddon was told last week not to come to his office and there have been hints in the Tehran press that his permit to stay here would be lifted.

Meanwhile Iran handed a protest note to the British embassy yesterday accusing Britain of a warlike act in confiscating a shipment of sugar en route to Iran.

It was the third such note in the past week protesting against Britain's ban Sept. 9 on export of scarce goods to Iran. The ban was an outgrowth of the oil dispute.

The Iranian government said in the latest note that it would claim compensation for any loss caused by the confiscation.

The note marked a further deterioration in relations between the two countries and appeared to lessen chances of any immediate resumption of oil talks.

## Nine Killed in Crash of a Truck

Casa Grande, Ariz., Oct. 22 (AP)—"There was a big crash, a lot of screaming,"

That was the way Leon W. Joquin, 20-year-old Papago Indian, described the freak accident in which nine of his tribesmen were killed off their truck and killed 16 miles south of Casa Grande Saturday night.

The eight women and one man who died, and four others who were injured, were hit by the projecting knife-like edge of a 3,000-pound bulldozer blade being hauled on the back of a flatbed trailer.

The trailer and its truck met the Indians' truck on a narrow 16-foot bridge and in a second there was wild confusion.

"I looked up just in time to see the blade sweep all the women (who were riding on the left side) off our truck," Joquin said.

"Our truck didn't turn over, but it rocked against the bridge."

"It was real bad afterward," he continued. "The bodies of the women were scattered all over the bridge and the little kids were crying."

"I think I got sick then," he said.

One of the victims, Luchida Manuel 19, was cut in two by the blade. Half of her body and five of those who died, were buried under the edge of the bridge into the dry wash below.

The other half was thrown onto the bridge where the heavy blade had scattered the remainder of the screaming, frightened Indians.

An inquest into the deaths will be held here today. Driver of the bulldozer truck and trailer, Lawrence H. Ruff, 25, of Eloy, has been jailed in lieu of \$2,500 bond.

## Peace Talks by Wed.; Suez Still Hot Spot

By The Associated Press

In Korea, Allied officers expect renewed cease fire talks will get underway by Wednesday. At the front, Allied tanks have carved out another raid inside the key city of Kumson, while infantry captured two more heights dominating the city.

In Washington, the air force said the Communists have well over 1,200 planes north of the Yalu River border. Half of them are said to be jets.

A spokesman said that Communists are strongly capable of use in Korea has been steadily increasing despite heavy losses.

In the Suez crisis, the Egyptian government has accused the British of acts of aggression. A Cairo newspaper says Egyptians are forming a guerrilla force to fight the British.

More troop reinforcements have been sent to the disputed area. The British cruiser Liverpool has been ordered to Tripoli, where she will be on the alert to go to Egypt.

## Egyptians Mobilize on War Basis

Cairo, Oct. 22 (AP)—Egyptian forces reported moving rapidly toward mobilization on a war basis, accused Britain anew today of "acts of aggression." Britain sent fresh troops into the disputed Suez canal zone and Cairo newspaper said an Egyptian guerrilla movement was forming to drive the British out.

The first battalion of the Choshire regiment arrived last night from Cyprus to reinforce British canal zone troops. A British embassy spokesman, announcing this, said a battalion normally has a strength of 600 men.

Egypt's government sent a new note from the ministry of foreign affairs to the British embassy, accusing the British of "new acts of aggression." It said:

"Not satisfied with defying the feelings of the civil population, British authorities in the canal zone with also to provoke the Egyptian army, which thus far has avoided all cause for friction."

The note said British troops Saturday at Port Said mortally wounded an Egyptian sentry at an Egyptian army camp, and also fired on an Egyptian sentry before Egyptian government office in Port Said.

A short time before, the Egyptian government made public a note charging that the British actions in the Suez area made it look as if the British were "moving into conquer the country."

A British spokesman said the British royal navy now was controlling movements of shipping in the Suez area and carrying supplies for British garrisons along the strategic 104-mile canal, vital link in the commonwealth's lifeline.

British warships guarded both ends of the canal. A spokesman said, however, that this control did not extend to other shipping going through the canal. He said the privately operated Suez Canal company remains in control of canal shipping.

A British spokesman reported this afternoon there had been no serious incidents in the canal area for 24 hours. But there were ominous portents.

Formation of the anti-British underground, similar to Jewish forces which fought the British in Palestine, was reported in the pro-communist newspaper Al Misi and in the leftist weekly Al Gomhori Al Misi.

The latter publication said the "national resistance movement" had asked the Soviet embassy in Cairo for aid against the barbaric aggressions of the British armed forces in Egypt.

The Aziz El Misi Pasha reported that the Egyptian Pasha had been asked to command the Egyptian "liberation legions." Pasha was commander in chief of the Egyptian army before World War Two and during the war was imprisoned by the British and charged him with pro-axis activities.

many worthwhile projects of benefit to the community and to its districts. Some of these have received limited publicity and many others have never been told of, because of the personal nature of such assistance.

Playground equipment has been purchased and donated to the schools. Thanksgiving and Christmas baskets of clothes, food and toys have been delivered each year to needy veterans and their families have been rendered.

Participation jointly with the American Legion in all military funerals and reunions when ever and wherever requested has been another service, humbly given. Special events for the polo drive money for the schools last year saw the VFW making the largest single contribution to this most worthy cause.

When the National VFW decided that its program for 1950-51 would stress Community Service, they set up a contest with awards going to the first three posts in this nation selected from among flag state winners.

Hope placed first in the judging in Arkansas, and when judged by the national community service committee, Hope was still adjudged to be the leader in Arkansas.

As a result the post will receive a beautiful plaque and a check for \$100 and its Ladies Auxiliary will receive a check for \$75. This presentation will be made Wednesday night when Harold Jones of Big Rock, Arkansas, the State Community Service Judge, comes to Hope along with Department Commander John Harper and other Department of Arkansas officials.

## DOROTHY DIX

## Negligent Father

Dear Miss Dix, I am a young wife, mother of three children. My husband, Carl, is a good worker and to all appearances loves his family very much, but he never wants us with him. He claims it is too much trouble to get the children ready to go somewhere, consequently the youngsters and I are at home most of the time. He takes fishing trips with his men friends and has other excuses to get out by himself. He will not give me money to go out by myself. This treatment is getting me resentful and cranky. Talking to him does no good. Is there any solution?

Answer: A satisfactory solution to this problem would, I am sure, entitle me to a handsome trophy from all bibliophiles, but alas, I do not have the magic formula. I have instead many vacant spaces on my own bookshelves, depleted by just getting by myself. He will not permit me to take the car, nor will he give me money to go out by myself. This treatment is getting me resentful and cranky. Talking to him does no good. Is there any solution?

Answer: Although at present you feel you are the injured party, in a few years when Carl's children are as indifferent to him as he is to them now, he is going to be the one to feel hurt and resentful. He is willfully surrendering the right to the best company in the world, that of his children and they will never have for him the feelings a father should earn. This privilege, through his neglect doubly yours and though constant care of the children may seem confining at times, you are establishing a fine relationship with your family.

The nearest I can come to suggesting a remedy is tell you to stop lending books. Have a handy excuse ready if you don't like to lend them. Either you are reading it yourself, are about to read it or have promised it to another friend. Or stipulate a time limit. Offer to lend the book for one week, then ask for its return on the grounds that someone else wants it. Ah yes, you must be evasive with these chronic book-takers! Be sure your name, or a book plate, is in all books, and keep a record of what books are loaned to whom. These at least, enable you to keep track of where your volumes are, even though it does not insure their return.

It's Your Turn Since your husband spends money on his own outings, you are certainly entitled to similar privileges. The only way you'll get them will be to insist vehemently on the right to the car when you need it, and enough money to take the children out occasionally. But believe me, you'll have to be very determined. Hubby's had his own way too long. Make it your turn next!

Dear Miss Dix: My husband has told me several times that he loves another woman. I thought it would all blow over, so I have tried to ignore the situation. Apparently I was wrong, for he now wants a divorce. We have no children. Should I agree to his demands?

Answer: If your husband is determined to regain his freedom to marry someone else, there isn't much you can do except agree. After all, if he is firmly resolved on his course, he can get a divorce without your consent. Before giving him a definite answer, why not consult a marriage counselor for advice?

SPORTS ROUNDUP

By Hugh Fullerton, Jr.  
New York, Oct. 22 (AP) — Buzza  
Munn, the well-known football  
coach, today told Don Coleman, an  
aspiring football player, that he  
was a "grinder" and he had been that  
way for three years — on offense and  
defense.

Line Coach Duff  
Daugherty positively pointed out  
when Coleman's name was  
mentioned, "he's faster than any  
of our backs for 90 yards".  
That's hard to believe after you've  
seen some of those Spartan back-  
s, but when you watch Coleman  
coming off the weak side of a pun-  
tling setup and blocking a pun-  
ter almost before they can move  
— or going down to tackle a pun-  
ter — you know he's as fast as  
light.

Daugherty tells how Coleman, who  
possibly leads the Spartans, has  
flashed in a play, was knocked  
down by a defense line, then  
got up, passed the ball and made  
the key block for a 25-yard run.  
If Michigan State clinches back to  
the top of the rankings after Sat-  
urday's triumph over Penn State,  
you can safely say Coleman  
blocked it.

"They ask him  
to do things no other tackle would  
try," remarked one observer, "and  
he's so fast he makes them look  
easy."

Just A Show-off  
It was in a game between Syra-  
cuse and Lafayette and Coach Ten  
Schwaner was clearing the  
Syracuse bench in an effort to keep  
the score down. . . . Near the end of  
the game he had seven freshmen  
and four sophomores on a defensive pla-  
toon he sent into the game. . . . No  
body knew or cared much who they  
were. . . . Syracuse had recovered  
seven fumbles and so as soon as  
this gang took over Lafayette fumbled  
again and once more Syracuse  
recovered. . . . The offensive  
platoon took over and as the kids  
trilled off the field one unknown  
fresh took his playmate. . . . Don't  
forget recovering any more of those  
fumbles. How in heck do you think  
we're going to get a chance to  
watch the coach we can play foot-  
ball.

Monday Matinee  
Both Handline U. and the NATH  
baseball champions, and Missouri  
State of Warrensburg have seven  
men six-five or better on their  
rosters for the coming season. . . .  
Sildest play reported so far in the  
football season came when Rice  
traded an outside kickoff against  
Navy. The ball was laid flat on the  
ground instead of being tied up  
and the kicker missed the ball en-  
tirely. . . . Everybody was looking  
for the ball when one Rice had  
ran back and gave it a bot. Then  
the ref blew his whistle and an-  
nounced "offsides."

Less Than Forty  
Unbeaten Teams  
New York, Oct. 22 (AP) — The "let-  
t" of the nation's unbeaten, mid-  
west college football teams has dwindled  
to less than 40 and only one of them  
has not yielded a point.  
Boasting the lone unbeaten, un-  
defeated and unscathed record is  
Pittsburgh (Kas.) State Teachers'  
college, which has rolled up 163  
points in six games while holding  
its opponents at bay.  
Seven of the nation's top 10  
even in the Associated Press poll  
have unbeaten records. The other  
three—California (No. 1), Texas  
(No. 4) and Texas A&M (No. 6)  
dropped their first games last  
Saturday.

Michigan State 63 and Georgia  
Tech 49 each has won five games.  
The others—Tennessee 41, Mary-  
land 47, Illinois 49, Princeton 49  
and Baylor 40 have perfect marks  
in four contests each.

Among the second ten, Stanford  
(43), Cornell (41) and Northwest-  
ern (40) have not tasted defeat.

Howton Is a  
60-Minute Man  
Houston, Tex., Oct. 22 (AP) — Speak-  
ing of the two-platoon system in Bill  
Howton's presence and he might  
think you were talking about the  
army.

Bill averages almost 60 minutes  
per game for Rice. His substitutes  
are the forgotten men of the lowest  
conference football.

There's a reason why Howton  
plays so much. Current ratings  
show he has caught 14 passes for  
428 yards and five touchdowns.  
That means every time he takes a  
throw at least 28 yards of enemy  
territory is covered.

On defense he's one of the finest  
in the country. He plays in the line  
against runs and goes back against  
passes.

Saturday night was one of his  
special occasions. He played 57  
minutes against Southern Metho-  
dist. He caught three passes for  
136 yards and three touchdowns in  
leading Rice to a 20-7 victory.

In his last two games against  
Navy and SMU he has played  
108 minutes out of a possible 120.  
Has started seven passes for 268  
yards and five touchdowns.

Howton, who weighs only 175  
pounds, has the fastest punting  
since the season opened. During  
this campaign his coach, Jess  
Neely, "There just isn't anybody  
better than this Howton."

In four games this season How-  
ton has totaled 196 minutes and  
would just as soon make a 240-  
the maximum.

55 KILLED IN KOREA  
Washington, Oct. 22 (AP) — The de-  
fense department today announced  
280 more battle casualties in Ko-  
rea. A new list, No. 424, reported  
55 killed, 184 wounded, 14 missing  
in action and 29 reported as de-  
bat accidents.

Porks Earn  
Sweet Victory  
Over Texas

New York, Oct. 22 (AP) — Hanging  
Monday's football wash out to day,  
and who said there's nothing sure,  
but death and Texas?

Texas is about the unsurest thing  
in football with everybody in the  
Lone Star State a member of the  
kick-the-favorite club. . . . Texas  
and Texas A&M had their perfect  
records spoiled Saturday by con-  
ference members. . . . Texas lost to  
Arkansas, 16-14, and the Aggies  
went down before Texas Christian,  
20-14. . . . Also Rice won, 23-7, over  
Southern Methodist, the team that  
beat Notre Dame. . . . But it took  
a governor's proclamation to halt  
Texas. . . . Last week Arkansas  
chief executive, Sid McMath, issued  
an order that the Razorbacks' snap  
Texas' 13-year victory streak in  
the series. . . . The Razorbacks  
obeyed.

Princeton, with a 17-game win-  
ning streak, took similar orders but  
not from the governor. . . . Before  
the game with Lafayette at Palm-  
er stadium the Princeton band  
spelled out: "Murder the narrow."  
Princeton won, 60-7, scoring at  
a point-a-minute pace.

Quote-unquote: Col. Earl (Red)  
Blak, coach of Army's winless  
team: "This isn't the best team  
I've ever coached, but it's the most  
generous."

The outstanding individual per-  
formance of the day perhaps was  
unrecorded in a game between two  
relatively obscure football city called  
New York. . . . It was Ollis Mat-  
son, the phantom-hipped San Fran-  
cisco halfback, who raced 94 and  
90 yards and scored his 11th, 12th  
and 13th touchdowns in beating  
Fordham, 22-26. . . . Fullback Buck  
McPhail of Oklahoma picks up his  
yardage the hard way but that's  
just the same. . . . In the 33-21 win  
over Kansas, he carried the ball  
20 times. Result: 215 yards.

Look who's unbeaten and untied.  
. . . It's little Susquehanna, coached  
by Amos Alonzo Stagg and winner  
over Johns Hopkins and Wagner. . . .  
And look who hasn't won a  
game yet: Army and Navy. . . .  
It's not at all inconceivable, it's  
even likely, that these two service  
elects will come up to their an-  
nual classic Dec. 1 without a vic-  
tory on either side. . . . Still 100,000  
will push and shove their way into  
Philadelphia's Municipal stadium to  
see the show.

NINE KILLED  
Buenos Aires, Oct. 22 (AP)—At  
least nine children and adults were  
killed and 25 seriously injured yester-  
day in the collapse of a church  
roof during a communion instruc-  
tion class for children.

Some 400 persons had jammed  
San Juan Evangelista church, one  
of the oldest in the city's port area.  
The victims were crushed beneath  
falling stone and timber.

Church officials expressed belief  
that vibrations from heavy pneu-  
matic drills used in making recent  
street repairs may have contrib-  
uted to the accident.
